KUSHAL KHATTRI

PROFESSIONAL SUMMARY

A successful Full Stack Developer with an IT educational background who thrives in a dynamic and challenging production environment. Proven track record of providing, fast, accurate, and effective code in response to requests from management to improve existing products or address critical issues with infrastructure. Energetic and goal-oriented with an impressive performance record and a well-rounded background. Currently seeking a position that will utilize all skills, abilities, and areas of expertise. I am confident that my skills, determination, work ethic, and positive attitude will prove a valuable asset to your organization.

SKILLS

- Good knowledge of design patterns, data structure, and ability to design and implement algorithms.
- Designing, implementing, refactoring, and testing code (C#), following best practices for maintainability, testability, and performance.
- Design, implement, improve, and maintain various gameplay systems.
- Knowledge of computer development software, such as SQL, Java, J2EE, etc.
- Knowledge of professional software engineering practices & best practices for the full software development life cycle, including coding standards, code reviews, source control management, build processes, testing, and operations.

WORK EXPERIENCE

Front End Developer

- Created and maintained the front-end standards document and oversaw production of JavaScript, HTML, and CSS.
- Tested front-end code in multiple browsers to ensure cross-browser compatibility.
- Leveraged responsive web frameworks to consistently complete product deliverables ahead of schedule.
- Executed and contributed to full-stack web development projects, with an emphasis on front-end features, browser manipulation, and cross-browser compatibility.
- Assisted in the monitoring and reporting on website traffic and performance.
- Developed website mock-ups for clients to ensure quality control and client satisfaction before the project development phase.
- Created highly effective marketing campaigns, product presentations, and trade show materials.

Waiter at Restaurant

- Demonstrated the ability to multitask, by working well in a high volume environment.
- Earned valuable repeat and referable business promoted by guest satisfaction.

EDUCATION

Bachelor's degree in science. Coding student at UCLA Extension School.
